

Colorado Water Fountain

Floor Mounted

# Colorado Floor- Standing Drinking Water Fountain

Compact drinking fountain, delivering chilled water.

- Minimal usage of space
- Adjustable temperature
- Easy maintenance

## Product features and benefits

### Minimal usage of space

This simple, compact unit is sure to fit in with any environment - the cabinet occupying only one square foot. Supplied with a bubbler valve, this fountain is suitable for direct sipping, perfect for keeping you hydrated on the go.

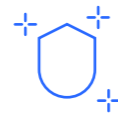

### Adjustable temperature

The system has a built in pressure vessel, which ensures that the chilled water is dispensed every time with its temperature ranging from 2 - 11 degrees, based on the adjustable thermostat.

FLOW RATE

### Easy maintenance

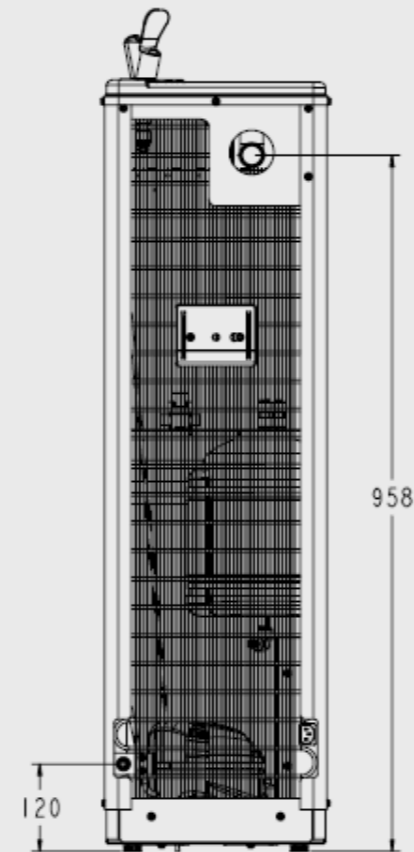

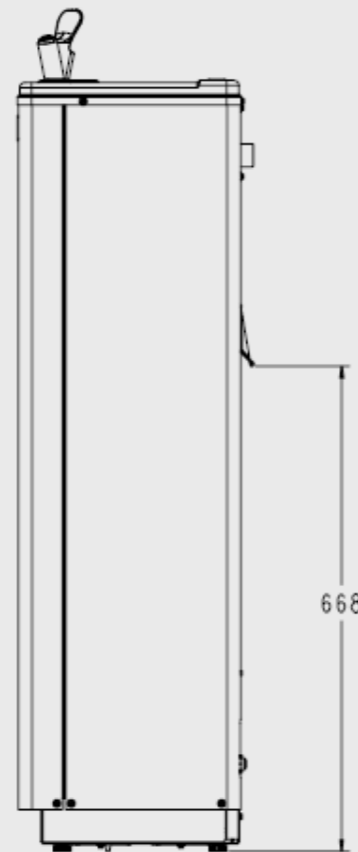

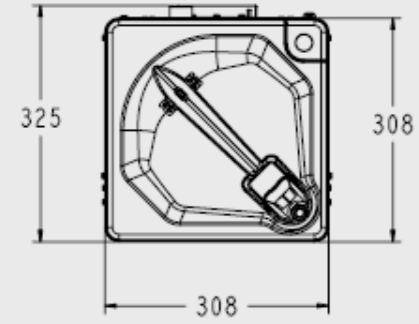

The system has a robust stainless steel finish making it easy to wipe down and maintain, it also has a removable front for service and maintenance convenience.

The addition of an optional swan neck tap makes this a handy glass/ bottle filling station as well.
