## P8ACY VERSACOOLER WALL-MOUNTED REFRIGERATED DRINKING FOUNTAIN

Our Oasis P8ACY VersaCooler Wall-Mounted Refrigerated Drinking Fountain is one of our top-selling models and provides an ideal chilled water solution.

It is commonly used in schools due to its dependability, capacity and accessibility for wheelchairs. It is especially important during the hotter months, offering a plentiful supply of chilled water.

This wall-mounted fountain hosts four soft push pads and ensures a smooth flow of water. This unit is suited to all kinds of environments and can be installed at any height, meaning it is perfect for children and disabled users.

- The design uniquely includes a total of four front and side push pads to activate the flow of water which are easy to push
- Freshshield protected for optimal hygiene
- The shallow basin is designed to eliminate splashing and standing water, ensuring for a smooth delivery of water
- Popularly installed in schools due to its high capacity, reliability and wheelchair-friendly access
